I OBJECT to the Winterbourne Wind Farm development.

- I declare that I have not made any reportable political donations in the previous two years
- I acknowledge and accept the Department's disclaimer and declaration.

I object to the proposed Winterbourne Wind Farm for the following reasons:-

- \* serious doubt concerning the financial benefits to the Walcha Community. There is not enough rental homes in Walcha to service the local residents presently. Consequently, labourers + other workers involved with the project will have to stay in neighbouring towns + cities which means little financial benefit to local businesses.
  - \* The Walcha area is affectionally known as the "Pasture Wonderland" due to the beautiful rural undulating landscape. Massive wind towers is seriously going to damage this image. This will only have a negative effect in the land where I currently enjoy. I am all for renewable energy, just not in our pristine environment.
- Yours faithfully, Darren Brazel.
