I OBJECT to the Winterbourne Wind Farm development.

- I declare that I have not made any reportable political donations in the previous two years
- I acknowledge and accept the Department's disclaimer and declaration.

I have lived in the community of Walcha for ³⁶~~45~~ years.

I object for the following reasons:

As a builder in this beautiful town of Walcha, I have built many houses and renovated many more, I can't understand as a tourist town you would even think of putting up these monstrosities. The roads can't take heavy trucks, we don't have enough water, cement, there are so many reasons this will destroy our town. If this goes ahead even though I love this town I certainly be thinking of moving away, this is felt by so many people. Walcha will be ghost town. Developers have no personal interest only money, who picks up the bill for the roads and other things that are destroyed when they go. This town is certainly being divided by a few money hungry people, we have worked so hard to make this a beautiful town, so many people have visited here and stayed, you are just going to destroy it.
