**RE: WINTERBOURNE WIND FARM / Application No; SSD- 10471**

To whom it may concern;

I wish to make a submission **in support** of the proposed Winterbourne Wind Farm project.

I believe that the proposed development is essential for the on going growth of our District, we have a diminishing population, with no apparent growth industry, with this development it would bring people to our great town, keep the youth here as they would have job prospects and help the state electricity crises.

I personally live on the road that leads to the proposed Wind Farm, and while we may have to put up with a bit of inconvenience during the construction, the future benefits to our town and district, far outweigh any negatives. **WE NEED THIS FOR OUR TOWN AND BUSINESSES TO SURVIVE.**
