Full Name:

Anthony Charles Orchiston.

Address:

514 Winterbourne Rd,

Walcha. N.S.W 2354.

I support Winterbourne Wind Farm Application number SSD-10471 that in this modern world of zero emissions, Walcha and the surrounding districts may begin the journey towards sustainable energy security.

The district surrounding Walcha has a large number of highly innovative and successful sheep, cattle and dairy enterprises.

Their continued ability to remain at the cutting edge of rural innovations depends on the townships of Walcha, Uralla and the city of Armidale remaining cost effective, energy efficient and most importantly growing.

That growth will ensure that our children and theirs have the opportunity to improve and achieve on the back of sensible investment and considerable rural entrepreneurship.

Growth that means our young can prosper here.

I support the Winterbourne Rd Wind Farm because it is a logical beginning in combatting the world's growing environmental problems.

We have to move forward and clean green affordable energy produced locally in large enough quantities, will be an important first step ensuring a thriving community aiming high for generations to come.

Thank you.

A.C. Orchiston.
