To Whom it may concern,

RE WINTERBOURNE WIND FARM, APPLICATION NO.SSD-1071

I am attaching my submission to the above referenced development application.

I hereby declare that I support the Winterbourne Wind Farm proposal SSD-10471 and would like my personal details to be published if necessary.

I have not made any reportable political donations in the previous 2 years.

We support the above development as it is a chance to enable this small town to attract businesses and achieve the growth that will enable the children of the town to remain here in employment.

It will help the State reach zero emissions as is required to lower the treat of global warming.

As Walcha is in a high wind zone it will help lower the cost of electricity production.

Progress should always be encouraged to help build a better and cleaner future for our children.

Yours faithfully,

Peter McNeill Director.
