Director – Energy Assessments, Development Assessment
Department of Planning and Environment
Locked Bag 5022
Parramatta NSW 2124

Reference: Winterbourne Wind Farm SSD - 10471

I OBJECT to the Winterbourne Wind Farm development.

- I declare that I have not made any reportable political donations in the previous two years
- I acknowledge and accept the Department's disclaimer and declaration.

I object to the Winterbourne Wind Farm Project for the following reasons:

- Noise - grossly underestimated by the developer in the EIS (refer to Leo Hudson's report made available to the community from the VFW).
- as a man living with cancer, I grow all my families veges without any chemical use. I am terrified of the toxic chemicals particularly bisphenol used in the blades and it getting into our water and air particles.
- I am worried about what a short term influx of workers will do to town rents. I am worried about property values and friends moving away from my community because of this development.
