I OBJECT to the Winterbourne Wind Farm development.

- I declare that I have not made any reportable political donations in the previous two years
- I acknowledge and accept the Department's disclaimer and declaration.

I have written this submission as I believe that this development will be a detriment to the wild life in our beautiful area. I am particularly concerned about the eagles that are endangered and have only just started to come back from the brink of extinction. How can this development be allowed to go ahead when so many birds and animals will be destroyed for no other reason than human comfort & greed. Money seems to be the main reason for this development & I fully object to it.
