I **OBJECT** to the Winterbourne Wind Farm development.

- I declare that I have not made any reportable political donations in the previous two years.
- I acknowledge and accept the Department's disclaimer and declaration.

The reason for my position stated above is:

The country around Walcha with its views, gorges, camping grounds and pristine wilderness areas are what draws the tourists and holiday makers to our town and district. This results in an economic benefit to our town.

As a professional wool classer, I travel the Walcha area extensively. Walcha is home to some of the most beautiful and productive land in NSW. Tourists and holiday makers will not want to come to an area industrialised and destroyed by Wind turbines and transmission lines.

Kind regards,
