

Support for proposal ID SSD-10471).

Dear Sir/Madam,

I am writing to express my support for the proposed Wind Turbine project to be run by Winterbourne Wind. I strongly believe that this project is a great opportunity for the community of Walcha to transition towards a sustainable energy future.

Winterbourne Wind's proposed project will bring numerous benefits to our community. It will not only provide a clean and renewable source of energy but also significantly contribute to the reduction of our carbon footprint. Additionally, the construction and operation of the project will create jobs and stimulate economic growth in our community.

The project is expected to bring significant cost savings on electricity bills for local residents and businesses. In today's world, it is more important than ever to invest in sustainable energy and I believe that the proposed wind turbine project is a step in the right direction.

I fully support the proposed project by Winterbourne Wind. This is a valuable opportunity to invest in our community's future and contribute to a greener environment.

Please let me know if you need any additional information or if you have any questions.

Thank you for the opportunity to make a submission supporting the Winterbourne Wind Farm Project.
