

Letter of support for the Winterbourne Wind Farm (proposal ID SSD-10471).

To whom it may concern,

The following is only some of the reasons for my support of the Windfarm:

- • Local community development opportunities
- • Better access roads due to local council funding and developer contributions
- • On farm opportunities for extra income from on farm resources e.g. quarry gravel
- • Improved community facilities and income for local business's
- • Plus many more opportunities

Thank you again
