

Letter of support for the Winterbourne Wind Farm (proposal ID SSD-10471).

To whom it may concern,

There are many reasons to support this project as I will list just a few:

- ○ Extra income for farmers during events like drought, flood, fire etc
  
- ○ Extra local community spending
  
- ○ Local employment creating traineeships, apprenticeships part-time and fulltime jobs
  
- ○ Increased opportunities in tourism. There is evidence to suggest that a wind farm can increase the tourism in an area as wind turbines are seen as an attraction to the general public.
  
- ○ ETC

Thank you for listening to me.
