Reference: Winterbourne Wind Farm SSD – 10471

I OBJECT to the Winterbourne Wind Farm development.

I strongly oppose the Winterbourne Wind Farm (SSD - 10471). Sections of the EIS which I am deeply concerned about are:

- biodiversity and the local environment and the proximity to the national park, including soil and water
- noise & vibration - the impact these will have on both human and animal / ecosystem health
- landscape & visual
- transport & traffic
- Aboriginal heritage
- community. This project is already causing a great divide in our small community which was always a cohesive and positive community.

Kind regards,

Paula Jenkins
