
Letter of support for the Winterbourne Wind Farm (proposal ID SSD-10471).

I am writing to express my support for the proposed wind turbine project by WinterbourneWind in the Walcha Region. I believe this project will bring significant benefits to the local community, the region, and the environment.

First and foremost, the wind turbine project will have a positive impact on the environment by reducing greenhouse gas emissions. Wind energy is a clean and renewable source of electricity that does not produce harmful pollutants or emissions. This project will help to combat climate change and promote a sustainable future for the region.

Furthermore, the wind turbine project will provide significant economic benefits to the Walcha Region. The project will create jobs during the construction and operation phase, and also contribute to the local economy by providing a source of revenue for the community. Additionally, the project will help to diversify the region's economy and decrease dependence on fossil fuels.

Lastly, the wind turbine project will bring significant benefits to the local community. The project will provide a source of clean and reliable energy for the community, and will also help to reduce energy costs for local residents and businesses. Additionally, the project will provide educational opportunities for local schools, and also raise awareness about the importance of renewable energy in the community.

In conclusion, I strongly support the proposed wind turbine project by WinterbourneWind in the Walcha Region. The environmental, economic and community benefits of this project are undeniable, and I believe it will have a positive impact on the region for years to come.
