

Letter of support for the Winterbourne Wind Farm (proposal ID SSD-10471).

I am in full support Winterbourne Wind Farm going ahead.

Given NSW has a goal to have 50% reduction in greenhouse gas emissions by 2030, we need to start pushing forward with any wind farm opportunity that comes our way.

Wind energy is the future and hopefully fossil fuel becomes the past.

A handwritten signature in black ink, consisting of a series of loops and a long horizontal stroke.A solid black rectangular redaction box covering the name of the signatory.
