I confirm the objection noted below is made by me.

My signature: J Sutton Date: 14.12.2022

My objections to SSD-21208499 Glanmire Solar Farm are:

This proposed solar farm development will firstly result
in being an eye sore for a community that relies on
tourist attraction and regional development with drive by
traffic viewing the farm for at least 20yrs before any
significant vegetation is of a scale to block.

Fire Management is a real issue with uncontrolled
grasses and lower-level vegetation being difficult to
contain

And there is further science around the heat
bubble effects of solar farms in an area that can
already experience extreme temperatures throughout
the day. This site is not the most prudent for this
project.
