My objections to SSD-21208499 Glanmire Solar Farm are:

- * Wrong location - prime cultivation land for over 100 years' a threat to our food security
- * The proposed development will conflict with existing use of the site as agricultural production land.
- * A 250,000 panel solar farm at the gateway to the Central West would have a negative visual impact + impact international + domestic tourist experiences of the region.
- * This proposed development contradicts the stated protections for rural visitors and landscapes + regional agricultural land as noted in the Bathurst Regional Local Environmental Plan 2014, the Bathurst Regional Development Control Plan 2014 and the Bathurst Region Rural Strategy 2010.
