My objections to SSD-21208499 Glanmire Solar Farm are:

- A lot of tourist travel through Regional Bathurst to see and experience a Country Town the last thing they want to see is a 250,000 Solar Panel "farm"
- Bathurst/Glanmire has a large Agriculture sector the proposed "development" of 250,000 Solar panels will clash with the already existing agriculture sector
- Our local farmers have already had to face enough between droughts, bush fires and now floods the last thing they need is the misuse of valuable land threatening food security.
