My objections to SSD-21208499 Glanmire Solar Farm are:

- This solar development is just in the wrong place. - Its on arable land that we only have a limited amount of good arable land.
- Its an industrial development on agricultural land not industrial development area.
- Its a visual eyesore on approach to a major developing city.
- has consideration been given to the amount of days lost to fog in the bathurst basin.
- insurance problems for neighbouring farms with such a valuable asset sitting on the boundary of farms
