

## Submission objection to SSD-21208499 Glanmire Solar Farm

Director - Energy Assessments

Development Assessment

Department of Planning and Environment

Locked Bag 5022, Parramatta NSW 2124

My Name is: [REDACTED]

My Address is: [REDACTED]

**This is my submission objecting to the proposed SSD-21208499 Glanmire Solar Farm**

### **My objections to this proposal are:**

The beauty of the Bathurst landscape will be ruined by **UGLY** solar panels if this proposal goes ahead.

The impact on our farmers must be considered, their livelihoods will certainly be affected.

The mental health of our farmers must also be considered.

The ability to supply grains, meat, fruit and vegetables will have a negative impact on our food supplies.

Friends and family often take road trips to regional NSW for a relaxing getaway as the natural beauty is worth the travel but the Great Western Hwy entering Bathurst will not be the same if the landscape is replaced by horrendous solar panels.

Tourism will be affected negatively, therefore jobs will be lost.

I confirm the objection noted above is made by me.
