Locked Bag 5022, Parramatta NSW 2124

My Name is [REDACTED]

My Address is [REDACTED]

This is my submission objecting to the proposed SSD-21208499 Glanmire Solar Farm

My husband and often take road trips to regional NSW to visit family or a relaxing getaway.

Driving along the Great Western Hwy as you enter Bathurst the scenery is breathtaking, the natural landscape is priceless and is certainly worth taking time out to visit our great regional towns.

A Solar Farm in Bathurst on **prime** agricultural land does not make sense.

My objections to this proposal are:

The joy of crossing the Blue Mountains will be gone if the beautiful scenery is replaced by **ugly** solar panels.

The impact on our farmers must be considered, their livelihoods will certainly be affected as well as their mental health.

The ability to supply grains, meat, fruit and vegetables will have a negative impact on our food supplies.

I confirm the objection noted above is made by me.
