Re: SSD-21208499 Glanmire Solar Farm

Dear Mr Okorn,

I am writing in opposition of the proposed Solar Farm at Glanmire.

Whilst I am not opposed to Solar Farms, Wind regeneration or renewable energy sources I am lodging this letter of objection as I believe this solar farm is planned for the wrong location.

The planned site is proven cultivation land, classified by NSW Planning as category 2-3 by independent agronomist, D.Harbison. This land has a history of over 100 years of demonstrated productive capacity as prime cultivation land and should not be used for a large solar development.

Yours sincerely,
