SUBMISSION FOR SUPPORT

I think windmills are beautiful.
I was a dairy farmer and a nurse.
Windmills pumped water to fill
tanks for the home and to water
stock. They were quiet and reliable.
Then I saw the agricultural
land in the Hunter Valley destroyed
in many areas by open cut
mines that polluted the air and
made people, especially children
sick. Solar - free power from
the sun and wind farms - free
power from the wind is a much
cleaner, healthier + just plain
sensible solution. I hope to live
long enough to see those windmills
working but I probably won't.
But I can dream.
