SUBMISSION FOR SUPPORT

Nundle is a dying town, with fewer families living locally.

I believe this project will help the town, attract more workers and help the community, because money will flow through to town.

The opposition^{group} is telling us they are the majority. The signs of support displayed on houses show how many more people want the project to go ahead. It is very disappointing that people have stolen these signs in recent weeks.

Tamworth Council still haven't been to the site of the project, after being invited by ENGIE twice, so how can they object to it?
