## SUBMISSION FOR SUPPORT

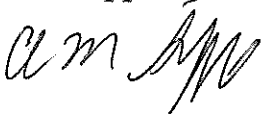

My name is Allan Sipple, I am 74 years old and I was born in Nundle and raised in the local area. I was lucky enough to spend my working life as a lot of us did in the Nundle area, unfortunately employment is Nundle's biggest problem, there isn't many jobs.

We need to do our bit in looking after our energy needs, a windfarm is just the thing we need for the generations that will follow us, it will also provide much needed jobs for the town for years to come.

I support the changes that Engie have made, the revised route is the best answer to eliminate some of the traffic congestion at the towns main intersection. Fewer cars and trucks use that new route. I used to see the turbines coming through Tamworth, didn't take them long to go through and didn't really hold up the traffic.

I am proud Kamilaroi man and I SUPPORT the WINDFARM !!
