SUBMISSION FOR SUPPORT

I have lived in this area for over 46 years and in that time have seen a decline in the population and employment opportunities. I feel that the wind farm is the boost we need. the injection of funds from the project will help a lot of community groups who in turn will help the whole community (as they have already)

I hope fully the influx of workers (on the project) will boost the local economy and bring families with children to our area increasing the numbers at Nunilla school.
