SUBMISSION FOR SUPPORT

As a former member of the Nundle Community for over 20 years, I know the challenges of living in this community, finding full time work, raising your children with very little in the village for children to do.

I fully support the "Hills of Gold Wind Farm" and all the new transport changes that will less impact on the roads.

These villages need change to encourage young families to live here. People need to accept the change of renewable energy and this village could really use the funding that comes with hosting wind farms.

Yorana
