SUBMISSION FOR SUPPORT

My name is Cheryl Sipple, currently I am the Treasurer/Secretary of the Nundle Sport & Recreation Club, this Community Club has been around for over fifty years. The land we sit on was generously donated to the town by the Payne Family.

As a child I grew up at the golf club, my parents were devoted committee members, there were so many kids running around we had a baby sitter while our parents played. 30 years ago if you didn't put your name down to play lawn bowls at the Nundle Bowling Club you would miss out, that was 42 bowlers on the green. Now both clubs are run by a band of dedicated volunteers because over my life time the town has slowly died due to the lack of employment since most of the council and forestry jobs disappeared.

A windfarm would generate jobs that our town desperately needs, and industry that has the potential to be around for over fifty years. What an opportunity for our town. We need to look to ensure our electricity needs will be met as the dependency on coal decreases over the next few years.

I am pleased to see the amended route that has been proposed. The amended route is the best route to take as this would minimize the traffic through the centre of town which some were not in favour of and there would be far less public traffic on that particular route as well.

Imagine the good things we could do with access to a community fund. Funds to help our community groups, which include sporting groups, schools, church groups and volunteer groups. We could apply for yearly funding to provide a free roast dinner once a month for our local pensioners, scholarships for kids that have a gifted talent that may not otherwise get an opportunity. I can only see good things from having this windfarm in our area.

I SUPPORT the Windfarm, lets embrace this opportunity.

Cheryl Sipple

Treasurer/Secretary

Nundle Sport & Recreation Club
