I object to Hills of Gold Wind Farm Amended Development Application on Public Exhibition.

I live in the vicinity of the planned expanded quarry.

Our family will be impacted visually, seeing the expanded quarry from our property.

We will be impacted by the noise and dust from quarry truck traffic, plus light and heavy vehicle traffic on Barry Rd, Oakenville Street and Nundle Rd.

We are in our seventies and are concerned about our ability to access urgent medical assistance with increased congestion and dilapidation of local roads.

I am concerned about the continuing impact of the proposed wind farm on native wildlife. I have seen koalas at Hanging Rock and understand that populations on the range are increasingly important to conserve and protect this Endangered Species.

We value the bird life at Hanging Rock and cannot contemplate the potential bird strike from turbine blades.
