TO WHOM IT MAY CONCERN

**RE: HILLS OF GOLD WIND FARM APPLICATION NO. SSD 9679**

- I am attaching my submission to the above mentioned development application during Public Exhibition of Amendment Report November 2022.
- I hereby declare that I object to the Hills of Gold Wind Farm proposal ID no. SSD 9679.
- I would like my personal details withheld.
- I have not made any reportable political donations in the previous 2 years.
- I acknowledge and accept the Department disclaimer and declaration.

Signature

I submit an objection to Hills of Gold Wind Farm as a business owner.

I do not agree with the massive impact to the town from the transport of Oversize Overmass vehicles, and heavy and light vehicles.

No matter what option the developer proposes there are unacceptable impacts to residents and business people in Nundle, Hanging Rock, and Crawney.

I doubt the OSOM movements will be completed in nine months, with delays because of weather. There are weeks and months at a time when the mountain is not accessible.

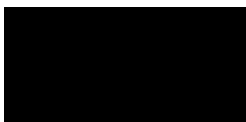

Proposing No Parking Restrictions on a lane of Oakenville Rd and Jenkins St will be an unacceptable disruption to Nundle residents and business owners.

Nundle and Hanging Rock's current tourists will be turned off coming to Nundle because of the increased traffic and congestion and the inability to park.

Lindsay's Gap Rd is so narrow and in poor condition and you cannot pass existing logging trucks as it is. A logging truck just tipped over on Lindsay's Gap Rd. Thankfully the driver survived.

The Happy Valley route is laughable, especially the proposal to reverse to River Rd.

I cannot believe that this is still going on after four and a half years. The developer needs to withdraw this ridiculous proposal so we can get on with life.
