Please accept my objection to Hills of Gold Wind Farm Amended Development Application.

I am concerned about the decommissioning of wind turbines.

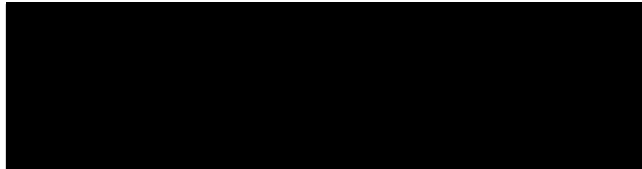

There is no decommissioning plan.

Is Tamworth Regional Council left with the responsibility for waste disposal in land fill?

The ownership of the wind farm is likely to change multiple times over 25-35 years, and the community has no idea what entity will be responsible for decommissioning by then.

If the company goes belly up, the landholder is responsible for decommissioning. What landholder will pay hundreds of thousands of dollars per turbine for decommissioning?

It is all too uncertain and risky for future generations of Nundle and Hanging Rock residents.
