- I hereby declare that I **support** the Hills of Gold Wind Farm proposal ID SSD-9679
- I would **not** like my personal details included in the submission
- I have not made any responsible any reportable political donation in the previous two years

SUBMISSION FOR SUPPORT

5th Dec 2022.

Dear Sir or Madame

I grew up in Nundle and my mother and father still live in Nundle. I return frequently with my family.

I write in support of the proposed windfarm.

Nundle has two main industries - Tourism and Farming - My understanding is the majority of the farmers and locals are enthusiastic about bringing in more money into the town and community which will be created by the jobs and community fund agreements that will come with the windfarm.

The tourism industry of Nundle, who are probably a little more savvy at getting their message across that the windfarm is not wanted are concerned that the windfarm will be an eyesore. Fear of change and growth will not help the town of Nundle to thrive, it will only see its population decrease and the town turn into only a small number of opportunities/incentives for people to stay.

Maui^{Hawaii} is a great example of where windfarms have not impacted a thriving tourism industry.

Please support your farmers. I'm in support of any effort Australia makes towards clean energy. Gas & Coal mines are ghastly!

Sincerely
