Dear Marie

We object to the redevelopment of 4-6 Bligh Street: this would be disruptive to our company. [redacted] is an Australian biotechnology company developing novel therapies that fight cancers globally.

We were incorporated in 1986 and are listed on the ASX, entering the ASX200 index in 2021. We are growing our business in Australia and relocating would be detrimental to our progress and will impact the jobs and opportunities we are creating, particularly in Sydney.

We chose our head office - [redacted] - as it's an iconic location and a major reason we're able to attract highly skilled professionals to work for us.

If you require any further information or have any questions, please contact me.

Yours sincerely
