Marlon, See below response from apa regarding the high-pressure gas line which I trust is self-explanatory and should satisfy item 97 in your response matrix.

Regards,

Hi Rod,

Thank you for contacting APA.

As advised by the DBYD response you received, "THERE IS **NOT** AN APA HIGH-PRESSURE GAS TRANSMISSION PIPELINE AND/OR ASSOCIATED INFRASTRUCTURE at this location."

Also please note that APA's Before You Dig Australia (BYDA - formerly DBYD) responses are valid for 30 days from the Issued Date. The Issued Date in the response you provided is 17/09/2022.

As it is a requirement in NSW to obtain valid BYDA referrals prior to carrying out any ground disturbance activities, please lodge your BYDA enquiry for that location again to ensure compliance.

Kind regards,
Rae.

Subject: [EXT]: High Pressure Gas Pipeline Infrastructure - Is our site affected in any way at 61-63 Karne Street North, Narwee - 8245 #

Hi there,

Could you please advise if our site at 61-63 Karne Street North, Narwee NSW is affected which is about 500m away from the pipeline from the attached DBYD application? I've attached the DBYD response.

Could you please advise if or what action we need to take if any moving forward?

Regards,

Rod Booth
