Wallaroo Solar, Yass --Solar Electricity Generating Works---- SSD-9261283

C/- Planner, Nestor Tsambos

Good Afternoon, Please submit this objection to the Wallaroo Solar, Yass project (unable to submit via Planning portal)

We object to the development of 100MW Solar farm including battery storage facility on a 393 ha project site on valuable grazing land and within 500mts of a residential area. It is inconceivable any Government would permit the destruction of valuable farming land with huge industrial inefficient environmentally destructive unreliable projects such as Wind and Solar; the permanent scars to the landscape and the mental fatigue of the residents will be ongoing. The aesthetics of the

entire Yass Valley will be destroyed.

Thank you,

Bruce and Noeleen Hazell
