

All of TransGrid's Interconnector Transmission Line Plans - including HUMELINK & the Consequential Solar/Wind/BESS Transition Nightmare are a Monumental Disaster Against the Public Interest!
I ABSOLUTELY OBJECT TO HUMELINK - SSI-36656827 AS IT IS NOT FOR THE GREATER GOOD!!

There are NO Benefits Whatsoever from HumeLink

TransGrid's Totally Unnecessary Project Energy Connect-HumeLink-VNI West Interconnectors - Transmission Line Multiplication Plans - throughout NSW - have to date been **based on nothing but Lies & Deceit.**

Either way they are **eye-wateringly cost prohibitive with no consumer benefits at all!**

Only those with vested interests - TransGrid, Solar/Wind Developers, Woke Greedy Corporates/Wealthy Investors & Ideological Blockheads - beholden to the Fake Green RenewaBULL Religion would proclaim such rank Environmental Hypocrisy!

The Financial, Environmental, Public Health & Safety, Food Security, Energy Security & National Security Costs are Beyond Belief!

TransGrid's Transmission Line plans - including diabolical HUMELINK must all be assessed in conjunction with the consequential Solar/Wind Disaster they will further cause:-

***Extreme disruption to Agricultural production - constraining operation of machinery, drones, irrigation & essential activities in operating their Agricultural business including flying from one property to another in our Wagga Shire.**

***Criminal assault from unhealthy personal discomfort/life threatening Electrical Force & EMR impacts for human beings & animals - with 19 children dying of childhood leukaemia in Cesano Rome from childhood leukaemia - linked to the Vatican Radio Mast.**

***Substantially increased terrifying Fire🔥risks from overhead Transmission Lines.**

However, the extremely toxic Fire/Smoke Risks from consequential Solar/Wind/BESS plans are even worse & have NEVER been properly considered or assessed! Under-grounding Transmission Infrastructure does nothing to help in this respect!

NSW Fire & Rescue have advised me that they have done nothing whatsoever to research the increased Fire Risk & carcinogenic & teratogenic toxic Fire/Smoke risks from Solar EG Works, yet rural families are carelessly & irresponsibly being subjected to these extreme dangers against our will!

***The antithesis of 'Caring for Country' causing serious/irreversible environmental harm.**

***Contamination of our life sustaining Food resource land & vital Water sources.**

***Ruination of our children's Intergenerational Equity - with Food Security & the inherent capability of our healthy, uncontaminated, rich Soil Heritage & our vital Water Sources now at serious/irreversible toxic risk.**

Environmental, Economic, Food Security, Energy Security, National Security & Seriously Detrimental Human Impacts of TransGrid's Transmission Line Consequences - Above & Under-Ground:-

***Industrialised Solar entombing our limited, irreplaceable arable land causes sterilisation of the soil - dry land salinity - inevitable serious/irreversible toxic contamination from damaged Solar panels due to weather induced foundational fracturing, degrading, broken, inferior, hail damaged,**

burnt Solar panels - leaching numerous heavy metals, including lead - during their operational life, toxic Bisphenol A (lethal to young children - as toxic as Blue Asbestos) shedding from Wind Turbine blades - due to leading edge erosion in a matter of 3 or 4 years (with leading edge blades only guaranteed for 5 years) & filthy, toxic lithium Battery residue.

***Unjust, intentional destruction of & consequential deprivation of our iconic landscapes** - on a monumental scale - robbing rural communities of our treasured rural views - causing extreme grief, loss & PTSD.

*extremely severe, intentional loss of precious ecological habitat - unable to be replaced in less than 100 years (awaiting tree hollow formation) & depletion & death of vulnerable/endangered/critically endangered species.

***Deprivation of plentiful, reliable, efficient, affordable, ethical, secure, 24/7 Australian Power** - causing anxiety, fear, suffering, hardship & potential death.

***Severe loss of economic prosperity** - through the **unconscionable denial of our own naturally occurring, advantageous, plentiful energy resources.**

***Sovereign risk from reliance on our most hostile enemy** for Chinese manufactured Solar/Wind/BESS/Transmission Towers & Associated Infrastructure & Grid Control.

***Illogical reliance on the vagaries of the weather, with persistent refusal to listen to honest expert witnesses - instead prioritising & trusting the likes of the Clean Energy Council - the Solar/Wind Industry vested interest carpetbaggers themselves & self benefiting, environmental vandals - the non-transparent, deceitful, intimidating, bullying TransGrid ie. 'Dracula in Charge of the Blood Bank' - who have NO SOCIAL LICENCE.**

TransGrid's Lies & Deceit

There is a **plethora of examples of TransGrid's inappropriate, intimidating, bullying & dodgy behaviour - using threats of compulsory acquisition, stand-over tactics, lies & deceit to pretend that they are engaging in essential, Australian benefit - when their plans are the ANTITHESIS of this!**

All Principles of Ecological Sustainable Development defied:-

The Precautionary Principle has been intentionally ignored by Federal & State Government Ministers, Policy Makers, Public Servants, the past & present Director of Energy Assessments & AEIC who have all turned a blind eye, even though they have all been made well aware for years of their unjust & seriously detrimental, risky policy making, irresponsible & careless decision making & approvals without due care & diligence - intentionally paying no respect whatsoever to the Precautionary Principle - thus inflicting Moral Hazard on local Councils & rural communities Against Their Will - with NO Consent - with NO Social Licence, or in some cases through monetary 'bribery' - resulting in destructive Solar-Wind-BESS-Transmission Line Infrastructure & the NSW Electricity Infrastructure Roadmap plans.

They are also ignoring the New Modern Slavery Condition (24th Nov 2022) & the Amended Storm Water Management Plan

(regarding Toxic Contamination,)

unethically defying the NSW Parliament Modern Slavery Act 2021 - the Legislated Duty of all NSW Government bodies - including Councils - NOT to Host, Procure or have a Power Purchase Agreement with unethical, slave labour based energy generation/storage.

With Low Cost Solar = Cruelly Tortured Uyghur Slave Labour product dominating the majority, if not all industrialised Solar EG Works & unethically mined Cobalt etc. from the Congo, etc. used in

Wind Turbines, all re-chargeable Batteries & EV's - reliant on children as young as 6 years old - forced to mine toxic cobalt with their bare hands..... this shameful Solar-Wind-BESS Transition - enabled by dodgy, greedy TransGrid's Lies & Deceit, is nothing but a Fake Green Solar/Wind RenewaBULL Grift & Ponzi Scheme/Scam!

Wind Energy's Absurd | Facebook

"Cobalt Red -

How the Blood of the Congo Powers our Lives" - Siddharth Kara

<https://www.facebook.com/100064419293322/posts/thanks-to-wea-friend-peter-for-pointing-us-in-the-direction-of-the-video-of-the-/601970201960284/>

Whilst clearly not meeting the needs of the present - by intentionally causing extensive ECOCIDE, food insecurity, sovereign risk, loss of economic prosperity, skyrocketing electricity prices/Cost of Living Crisis due to the worst policy failure in history of mandating energy deprivation & energy poverty through subsidised, unreliable, intermittent, weather dependent Solar/Wind - the ability of future generations to meet their own needs is compromised.

****CONNECTING SUBSIDISED & MANDATED, INTERMITTENT SOLAR & WIND POWER TO THE GRID IS THE WORST POLICY BLUNDER IN OUR HISTORY!!
DUNKELFLAUTES WILL
BE POTENTIALLY CATASTROPHIC!!**

<https://www.spectator.com.au/2022/11/the-voice-of-energy-realism/>

Our abundant natural resources of arable land (an essential natural resource, both for the survival and prosperity of humanity, and for the maintenance of all terrestrial ecosystems,) water, sunlight, wind, coal, gas & uranium are not being used as they should be - in a manner which is **"sustainable," "prudent," "rational," "wise" & "appropriate."**

Biodiversity plays an essential role in maintaining life-support systems and quality of life. **It is fundamental to sustaining life**, supplying critical ecosystem services such as food provisioning, water purification, flood and drought control, nutrient cycling, and climate regulation. These services are **essential to support human well-being and economic growth.**

TransGrid's Cobwebs of Filth & the Consequential RenewaBULL Solar-Wind ECOCIDE ruin Biodiversity!

FAR SUPERIOR AUSTRALIAN POWER - ULTRA/SUPER CRITICAL & HELE COAL + a CLEAN, SAFE NUCLEAR POWER future PROTECTS NATURE, CREATES BUSHLAND RESERVES SURROUNDING LUCAS HEIGHTS & needs NONE of this totally unnecessary multiplication of "COBWEBS OF FILTH" TRANSMISSION LINES!

ESD as "development that improves the total quality of life, both now and in the future, in a way that maintains the ecological processes on which life depends".

Far superior, plentiful 24/7 Australian base-load power sources requiring NONE of TransGrid's self benefiting Transmission Nightmare are essential for NSW/Australia's Economic Prosperity, Energy

Security & National Security - with far less environmental harm, far less Public Health & Safety Risks - including toxic Fire/Smoke Risks & far less 'whole of life-cycle' emissions from New Technology Coal Fired Power Stations, Gas & a clean, safe, low emission Nuclear Power future with minimal environmental impact - as compared to the extensive, unnecessary, unaccounted for detrimental Transmission Lines & RenewaBULL Infrastructure with all of their embedded emissions lifecycle - such as the excessive unnecessary CO2 emissions -> from the Heart ❤️ of Solar panel production -> from mining the quartz -> intensive Coal fired power processing -> extensive toxic pollution -> potent SF6 GHG emissions leaking from Solar manufacturing -> a massive pile of unplanned for, toxic forever, Solar waste.

Additionally, the extraordinary emissions created from the manufacturing & construction of Wind Turbine monstrosities - the massive amounts of energy intensive cement used for Wind Turbine foundations - that will remain contaminating the land forever, along with their toxic, short term blades!

200 Million Tonnes of Toxic Solar Panels Destined For Landfills Near You
stopthese things.com

The essential need for reliable, affordable 24/7 base-load power is glaringly obvious - extending the life of Coal Fired Power Stations - due to the harsh reality of everyday Australians like myself now suffering serious anxiety, hardship & potential death from hyperthermia due to unaffordable electricity prices & unnecessary Government inflicted Cost of Living Crisis.

It is unacceptable that Liddell has foolishly been closed, NSW is in Power Deficit & we are seriously suffering en masse financially because of it.

Just a basic loaf of the cheapest 650g white bread from Coles & Woolies has outrageously skyrocketed - largely due to Government inflicted electricity prices:-

\$1.30 in May 2021

\$1.55 in May 2022

\$2.40 in May 2023

This is a shocking, unjust impact for those of us on Low/Medium incomes - especially made worse due to Electricity Bills increasing to unaffordable levels so that we can no longer heat our homes - especially when there is no assistance whatsoever for those of us who are not on welfare or HCC.

This is an extremely cruel state of affairs - by far the worst economic circumstances I have ever experienced in more than half a century - solely caused by Cloud Cuckoo Land Government ideology that unjustly funnels our taxes into the pockets of destructive, off-shore, multinational shysters, the WEF's Globalist Viper's Nest & the CCP - with no benefits whatsoever to the people of NSW/Australia!

CEO of TransGrid Brett Redmond's claims of more than \$2 of consumer benefit for every \$1 TransGrid spend on their totally unnecessary Transmission Lines is a bald faced lie - which needs an Independent Inquiry to properly expose!

Lots of Erroneous Claims & Propaganda from TransGrid CEO Brett Redman:-

“Going slower would only increase costs for consumers not reduce them,” he added. **“Delay creates cost. It doesn't save cost, it's costing money. And delay means a delay in getting to the benefits as well.”**

(Sure, TransGrid's benefits, NOT ours!!)

“Transgrid's modelling shows that for every dollar spent on transmission, the benefit to consumers is more than two dollars.” (What a load of cobblers!!)

<https://www.afr.com/policy/energy-and-climate/payoffs-to-farmers-doubled-to-secure-clean-energy-shift-20230620-p5dhyv>

The fact that AER are attempting to remove Consumer Benefit from their Regulatory Approvals regarding Transmission Networks clearly shows that the consumers are being ripped off!

This was identified in **Simon Orme's - IEEFA Report**

<https://ieefa.org/media/3234/download?attachment>

Additionally, Victorian Energy Policy Centre's Bruce Mountain & Ted Woodley have extensively outlined repeatedly, in great detail, that there are no benefits whatsoever from any of these unnecessary Interconnectors planned by TransGrid, AusNet & AEMO in Victoria & the 46.56% CCP State Grid Corporation of China owned ElectraNet.

It is completely obvious that these Network operators are intent on causing extensive environmental vandalism - wrecking Australia - whilst their dominating dubious investors like BlackRock & Vanguard are cozily linked to the WEF, QDLP & Shanghai Banking!

TransGrid's dominating part owner - 2005 Cheung Kong Infrastructure spin-off Spark Infrastructure has already proven their extensive environmental vandalism with their 100% slave labour Jinko Solar based Bomen Solar Wagga Wagga - to such an extent that the Wagga Wagga NSW Government MP told ABC Riverina listeners in 2022 that he was very concerned about Solar entombing & detrimentally affecting our limited, irreplaceable Agricultural land - threatening Food Security & that **Solar Factories are Environmental Vandalism - they are NOT clean & green at all!**

This locally observable, practical reality was a radical turn around from 2 years previous -when Dr Joe McGirr, Alex Greenwich & Greg Piper demanded the Decarbonisation of NSW within a Decade - claiming RenewaBULL environmental benefits for Biodiversity, Water, Soil, Air & Lots of Jobs. All of which has proven completely false!

Wagga's Industrialised Solar is now being used all around Australia as a prime example of what not to do - with such wrong, Fake Green propaganda based approvals of Solar disasters - with the extensive Environmental Destruction & long term harm done to the distressed neighbouring landowner's property now a legal matter - yet still irresponsibly being ignored by Wagga Council & the NSW Government! (Reference - Photos (emailed previously & Georgia Created a Nuisance Court Case.)

Despite the **absolute eyesore & extensive environmental destruction & ruination of the Bomen/Eunony Valley area caused by the large-scale Industrialised Solar Curse - the ECOCIDE** of multiple Industrialised Solar Electricity Generating Works at Bomen - TransGrid & their dominating part own Spark Infrastructure - who have not met any if their approval Conditions, pay no respect to the local community or to the environment - despite their much promoted claims of sustainability. They are now marauding through the state like bush pigs - given free reign to plan more horror - through multiple positions on EnergyCo NSW - running the NSW Electricity Infrastructure Roadmap for their own selfish, anti-Australian, strategic benefit - in line with their CCP buddy's terrible National Security threatening Project Energy Connect (46.56% ownership) & VNI West plans - all connecting to Spark Infrastructure's/ Renewables' ghastly Dinawan Hub.

It is blatantly obvious that **TransGrid have completely failed to properly consult with the Public in NSW.**

The majority of the Wagga community has no idea at all of TransGrid's plans, nor the consequential 5,000 acres of toxic contaminating Solar approved & planned around Wagga, because there has never even been a Public Meeting that the Community has ever been made aware of!

TransGrid have intentionally excluded the bulk of the Wagga public & the majority of the rural community in South West NSW - instead targeting sole land owners impacted by their most unwelcome & environmentally destructive Energy Connect plans - using a totally unacceptable, bullying & threatening '**Divide & Conquer**' approach - seriously distressing families with their relentless intimidation, sneaky, dodgy, deceitful tactics, totally inconsiderate, unethical & careless manner - for their own selfish, greedy agenda.

The Wagga Cabal of secrecy - with colluding Parliamentarians, Wagga Council, Woke Corporates & the Media (especially the ABC) shut down essential information & debate - ensuring TransGrid & Solar/Wind Developers are protected & the community only hears the RE Corporation's controlled narrative.

On accidentally stumbling across a TransGrid promotion online - advertising various Community Meetings - including one for Wagga Wagga 22nd May 2023 - opposite the entrance into Woolies at the Koorinal Mall I rang various TransGrid & Community Consultation staff - at least three of whom absolutely assured me that this Meeting was in a venue - a room - with seating. Well knowing that this specific destination was no such thing, but rather just a spot on the sidewalk against the wall - by the signboard - this totally inappropriate Wagga Meeting place - as confirmed by Knight Frank Management - shows TransGrid's typical deceit & complete disregard for the Public of Wagga Wagga on display!(Reference: Photo taken from Woolies entrance of the farcical 'spot' for Wagga Community Meeting.) Neither is it at all appropriate that TransGrid hand out \$20/\$50 bills to bribe random people to favourably fill in their survey to achieve unrealistic outcomes.

Due to the **very substantial impacts & the Public Health & Safety Risks** from TransGrid's detrimental plans, it is absolutely essential that properly promoted, well advertised Public Meetings be held - open to the whole Wagga Community & also in other areas throughout South West NSW to facilitate an open, transparent Meeting for the Public - including the Ratepayers Association, etc., with Council & Politicians also in attendance - hosted by an independent Moderator - so that essential questions are properly answered in detail by TransGrid, as I am one of many who **DO NOT CONSENT TO TRANSGRID'S PLANS which impact EVERYONE in NSW, including our children & future generations!** (NO CONSENT Reference.)

We all have a right to be honestly presented with the full details & the full facts. Despite **Project Energy Connect's sneaky approval**, this is **NOT Valid or Just**, as there was **NO proper Public Consultation** at all & thus there is **NO CONSENT & NO Social Licence!**

The NSW Government & TransGrid have many serious questions to answer:-

***Why have TransGrid kept secret** the fact that they painted **asbestos/lead based paint** on the legs & cement base of their old tower structures - without alerting landowners to the lead content?

As outlined in TransGrid's information.

People Power Possibilities - 10th Dec 2021

Managing Safety & Environmental Risks

Line 24 - Vales Point.

A local farmer has recently alerted me to this shocking revelation - which now explains why seven of his cattle had strangely, mysteriously died over a 15 year period from documented lead poisoning - as confirmed by Veterinary blood tests.

It is totally unacceptable, but not surprising - given their shonky antics, that TransGrid had so irresponsibly & carelessly done nothing for such an extensive period of time, to protect landowners & their families from ingesting toxic lead in their beef & protecting their stock, land & water from toxic lead poisoning!

***Why do TransGrid staff repeatedly LIE SO SIGNIFICANTLY** - with CEO Brett Redmond claiming nonsensical Consumer Benefits when the reverse is clearly the case & multiple TransGrid staff telling me that their Transmission Lines are NOT A PUBLIC HEALTH & SAFETY RISK - when this is absolutely false?

***TransGrid are already making a HUGE ENVIRONMENTAL MESS at Lockhart** - just from simply setting up their work camp! They've denuded the whole (approx 30 acre) prime agricultural land site - which will never be the same again - given their careless antics, fuel & chemical spillage, etc. One can only imagine the diabolical extent of future devastation if they are further enabled to implement their ghastly, unnecessary, anti-Australian plans - akin to sabotage!

*Why is it that the **NSW Government & Investment NSW prioritise & support our most hostile adversary - the CCP** - partnering with numerous suspect companies - who are a **cyber security & sovereign risk** - obviously **subject to the CCP's National Intelligence Law** - who are causing extreme ECOCIDE & ongoing trauma for rural communities with their RenewaBULL Lies & propaganda?

Check out the recent **RenewaBULL Propaganda & who the NSW Government & Investment NSW is fraternising with - Supporting & Sponsoring Clean Energy Council = The Solar Wind Industry = DRACULA IN CHARGE OF THE BLOOD BANK!**

2023 Australian Renewable Energy Events Calendar

Energy Next

energynext.com.au

Energy Next - The Australian Clean Energy Summit - **Connecting Market Leading Technologies with the Clean Energy Future.**

Energy Next - focussing on the latest RenewaBULL Energy & Energy Management Technologies - 18-19th July 2023 - ICC Sydney in Darling Harbour.

Organised by All-Energy Australia.

The Australian Clean Energy Summit - **Peak Gathering of Leaders Driving Australia's Energy Transformation**

Bringing Together Heads of **Industry, Government & Finance**

Supported & Sponsored by NSW Government & Investment NSW.

Highlighting Partner - CCP's Goldwind!

Suspect Recommendation List:-

Amongst others, **LONGi Solar** is one of the largest manufacturers of Solar cells in the World. The Company is located in the Chinese town of Xi'an in the province of Shaanxi. LONGi Solar was established in the year 2000 and has revenues of 8.416 billion US dollars.

Suspect International Agents:-

China Beijing Helliview internationalExhibition Co Ltd

General Manager - Ren Enjie

.....

3rd annual Australian Renewable Energy Zones Conference - 30-31 May 2023

No doubt their commitment to SUSTainability here at Darling Harbour for their torture planning sessions for the regions are a most genuine, environmentally SUSTainable affair!
There'd be some hot air in here!!

Karin Stark, James Hay, ACEN, Iberdrola - Event Partner (Iberdrola = 100% Uyghur Slave Labour JA Solar panel based 'Avonlie Solar,') Lightsource bp, Andrew Bray, RE Alliance, Deloitte (self serving Gov CONSultancy now being questioned,) Amy Kean (Stride Renewables,).... & so the VESTED INTERESTS go on

<https://www.informa.com.au/event/conference/energy-utilities/australian-renewable-energy-zones-conference/>

It is abundantly clear that an **IMMEDIATE MORATORIUM & INDEPENDENT INQUIRY** is absolutely essential to honestly clarify the **PUBLIC HEALTH & SAFETY RISKS & MORAL HAZARD**, to include an accurate, **INDEPENDENT FULL COST BENEFIT ANALYSIS** for what is **Obscene Transmission & RenewaBULL Costs, Loss of Industry/Manufacturing & NO Productivity**, a **COMPLETE AUDIT of CRITICAL ENERGY (& OTHER) INFRASTRUCTURE - WHO REALLY ARE ALL THE VESTED INTERESTS? ARE THE CONSULTANCY COMPANIES ADVISING THE DPE CONNECTED TO SOLAR/WIND COMPANIES & TRANSGRID?**

WHO IS SUBJECT TO THE CCP'S NATIONAL INTELLIGENCE LAW, etc. (CCP Reference.)

A COMPREHENSIVE, INDEPENDENT INQUIRY INTO ALL ASPECTS OF THE 'RENEWABLE' ENERGY TRANSITION/TRANSMISSION NIGHTMARE IS ESSENTIAL WITH ANY PLANS SUBJECT TO ETHICAL PROCESSES & APPROVALS WITH INTEGRITY, USING REPUTABLE, INDEPENDENT, PEER REVIEWED RESEARCH INFORMING EXPERT ENGINEERING FACTS & RIGOROUS SCIENTIFIC DETERMINATIONS THAT ENSURE THE OBSERVABLE PRACTICAL REALITY OF PRIORITISING PUBLIC HEALTH & SAFETY, ENVIRONMENTAL, ECONOMIC, SOCIAL & INTERGENERATIONAL BENEFIT TO THE PEOPLE OF NSW. Australians are Unjustly Forced to Subsidise Unethical, Contaminating, anti-Australian Electronic Junk!

****Energy Drowning in Subsidies**

https://www.regulationeconomics.com/files/ugd/b6987c_91012ad6a64b401e8e915a45c79911b4.

With TransGrid constantly threatening **COMPULSORY AQUISITION - With No Public Benefit Whatsoever - this is not just Terms & NOT FOR THE GREATER GOOD!**
Under what Authority have TransGrid Issued these Compulsory Acquisitions?

If it's anything like Wagga, the rest of TRANSGRID'S victims have no idea what the heck greedy, self benefiting TransGrid are up to with their fudgery!

Please Don't Let TransGrid's 'White Elephant Painted Green' InterCONnector Nightmare Be Labor's Monumental, Intergenerational, ECOCIDAL, Energy Poverty, Sovereign Risk Mistake!!

It's high time NSW Government Ministers, Policy/Decision Makers come to Wagga Wagga to see the practical reality of their Net Zero-TransGrid-Industrialised Solar Disaster at Bomen - as no one to date has ever bothered to address our extremely serious concerns - despite raising these issues for 4 years!

As a detrimentally impacted neighbour, my family were totally denied Due Process - never once being personally notified of Spark Infrastructure's Bomen Solar plans - only finding out after its Fast Tracked Approval - so typical of this dodgy RenewaBULL process & part owner of TransGrid!

References:-

TWO NEW PRECEDENTS HAVE BEEN SET by Oxley Bridge Rd Uranquinty Solar Determination 24th Nov 2022 - NEW MODERN SLAVERY CONDITION & AMENDED STORMWATER MANAGEMENT PLAN (re CONTAMINATION.)

Hail Storm Photos & Industrialised Solar Contamination Risk to Our Reliably Productive Food Bowl at Bomen, Wagga Wagga Photo are included via this link also - the Hail Stones & some of the Fractured Solar Panels from the damaging 31st Oct 2020 event that left masses of broken Solar panels in situ for a shocking 10 - 11 months without Due Care - with some panels still remaining fractured & leaching contaminating heavy metals years later!

<https://apps.planningportal.nsw.gov.au/prweb/PRRestService/DocMgmt/v1/PublicDocuments/DAT-A-WORKATTACH-FILE%20PEC-DPE-EP-WORK%20PPSSTH-149!20221124T045856.774%20GMT>
(*Including Audio of Professor Ian Plimer's Presentation on Solar Contamination.*)

1. NEW MODERN SLAVERY CONDITION- requiring proof prior to construction that NO Slave Labour supply chain components be used in construction.

****New Condition Inserted C4A - Dealing With Modern Slavery.**

Commonwealth Modern Slavery Act 2018

***NSW Local Council Act 1993**

428 Annual Report

438 ZE Duty to Ensure Goods & Services Are Not Procured From Modern Slavery.

This applies to all NSW Government Bodies - including Councils - for those who Host, Procure or have a Power Purchase Agreement with Solar/Wind Energy Generation/BESS whose construction has used Modern Slavery Supply Chain Sourced Components

eg. City of Sydney, the Opera House, Kiama, Shoalhaven, Shellharbour Councils & Westpac, etc. have an unethical PPA with Spark Infrastructure's Xinjiang Jinko Solar based Bomen Solar - unethically Hosted by Wagga City Council.

REROC has an unethical PPA with Iberdrola - with Xinjiang JA Solar based Avonlie Solar - unethically Hosted by Narrandera Shire.

2. AMENDED STORM WATER MANAGEMENT PLAN CONDITION re-CONTAMINATION – QUALIFIED TESTING/REPORTING, CONTAMINATION RESPONSE PROCEDURE, etc.

****Amended Condition C8.**

Prior to Commencement of Any Works - Storm Water Management Plan.

On Site & Discharge From the Site.

Testing Points & Regular Water Samples, Suitably Qualified Person.

Written Response Procedures if CONTAMINATION is Found - required PRIOR to CONSTRUCTION.

Availability of Results.

People need to get educated so they are agitated about it enough to do something to change this.

<https://www.news.com.au/finance/business/mining/harvard-professor-explains-heartwrenching-source-of-electric-vehicle-iphone-batteries/news-story/db881f47c76db89581409c092a740c4c>

Joe Rogan exposes sad truth about cobalt used in electric vehicle, iPhone batteries | [news.com.au](https://www.news.com.au) — Australia's leading news site.

Cobalt is in all iPhones, tablets & crucially EV's - it maximises charge & stability.

Before anyone knew what was happening the Chinese Government & Chinese companies took control of almost all of the big mines in the Congo, with the local population displaced & the Congolese people under duress - digging in subhuman, gut wrenching conditions - using all raw human force - clanking the cobalt out of the ground!

Throughout the whole history of slavery, never has there been more suffering that generated more profit than was linked to more lives of people around the world than what is happening today in the Congo - mining cobalt in appalling, heart wrenching & dangerous conditions.

****Whack-a-mole approach' to Chinese surveillance tech | The Canberra Times | Canberra, ACT**

<https://www.canberratimes.com.au/story/8258420/whack-a-mole-approach-to-chinese-surveillance-tech/>

****Dead chickens and decomposing bodies: Inside South Africa's power blackout 'pandemic' - Egypt Independent**

<https://egyptindependent.com/dead-chickens-and-decomposing-bodies-inside-south-africas-power-blackout-pandemic/>

Australian Democracy is rapidly diminishing with vested interests ensuring that the "Core of the Totalitarian State is the Lie!"

The Government needs to stop its exaggerated hysteria & Stop Equating Climate Change with Climate Danger as

the 'Carbon Cult' Obsession has Dire, Life Threatening Consequences!

****It is a Human Right for Everyone to Lift Themselves Out of Poverty - to Live Above the Poverty Line - Using Life Sustaining, Plentiful, Reliable, Efficient, Affordable, Secure, 24/7 Australian Power.**

****The Australian People must have a Designated Human Right to Receive Value for Money & Consumer Benefit from Our Present, Totally Adequate Transmission Infrastructure - with No More Cost Burden as we Have Already Paid for an Adequate Electricity Grid.**

These obnoxious, intrusive, anti-Australian plans have no environmental or public benefits whatsoever - they are NOT FOR THE GREATER GOOD, are an EXTREME PUBLIC HEALTH & SAFETY RISK & have neglected to accurately address all of the following:-

- **Food Security + Australian Energy Security = National Security**
- **Australian Independent Energy = Coal, Gas & a clean, safe, Nuclear SMR Power future.**
- **Which companies involved & all of their Solar/Wind/BESS connections are subject to the CCP's National Intelligence Law?**
- **Public Health & Safety Risks - Electromagnetic Radiation, Soil/Food/Water Contamination, Energy Deprivation.**
- **Proper Research Needed - No Scientific Rigour.**
- **Engineering Facts Have Been Ignored.**
- **Connecting Subsidised, Mandated Weather Dependent - Intermittent Solar/Wind to the Grid is the Worst Policy Failure in History.**
- **Fake Green - Not Clean & Green or Sustainable at all - as the Full Lifecycle of Solar/Wind/BESS has to be accounted for.**
- At least 1,000% more Mining + intensive energy & toxic pollution during processing.**
- **Power Sources Needed in major City areas instead - avoiding long distance transmission loss, ruination of rural Australia & harming Agricultural productivity.**
- **Unconscionable scale of Industrialised Solar/Wind land mass required.**
- Michael Shellenberger says it's approx 300-800 times more land required for Solar/Wind than for far superior conventional power generation.**
- **Massive Toxic Waste Burden being intentionally created for future generations that will NEVER be economically viable to recycle - if ever even possible.**
- **Energy Security risks from inferior, unreliable, weather dependent, Dunkelflaute based Solar/Wind which will NEVER be base-load power available on demand.**
- **Economic Suicide - Skyrocketing Energy Prices = Cost of Living Crisis. The more Mandated, Subsidised Solar & Wind in the system = the Higher the Prices.**
- **National Security Risks - we need to rely on our own AUSTRALIAN Energy Sources rather than our Most Hostile Enemy - the CCP.**
- **Fake Green Wokeness = Weakness**
- **Unethical Slave Labour Supply Chain Reliance - Solar's cruelly tortured Xinjiang Uyghurs & Cobalt for Wind Turbines + Batteries reliant on shocking treatment of the Congolese - with Child Labour - children as young as 6 years old forced to mine toxic cobalt in the Congo with their bare hands!**
- **No Social Licence - Failed Planning, Consultation & Assessment/Approval process by the Government, Dodgy Developers, politicised AEMO & self benefiting Electricity Networks.**
- **Immediate Moratorium & Independent Federal Inquiry Needed.**

No matter what alternative Transmission Line routes are considered or whether underground, none of that stops the subsidy hungry, off-shore, Solar/Wind/BESS environmental vandals from their relentless ruination & ugly eyesores, the unconscionable, intentional environmental destruction & inevitable contamination

risks now cursing rural Australia - our communities, our limited - irreplaceable - life sustaining food resource land & vital water sources - in the disingenuous name of renewaBULL energy!

No amount of Fake Green bribery-like hosting dollars will ever cover the multitude of sins this disastrous plan will unleash on our precious country!

I DO NOT CONSENT TO MY FAMILY OR MYSELF BEING DETRIMENTALLY HARMED IN ANY WAY BY HUMELINK, LARGE-SCALE SOLAR/WIND ELECTRICITY GENERATING WORKS, BESS & ANY ASSOCIATED TRANSMISSION LINE INFRASTRUCTURE IN NSW/AUSTRALIA - including but not limited to:-

****Public Health & Safety Risks - Personal Discomfort & Health Impacts from Electrical Force - EMR & Deprivation or Contamination of Life Sustaining Food Resource Land, Food Supplies & Water Supplies.**

****Unplanned for, Not Even Researched & Not Appropriately Assessed, Toxic Carcinogenic & Teratogenic Fire/Smoke Hazard Risks.**

****Energy Deprivation - Lack of Reliable, Affordable Electricity - Resulting from Inferior, Unreliable Solar/Wind Generation causing Austerity, Suffering, ill Health & Loss of Basic Services.**

****Consequential Skyrocketing Electricity Prices - Causing Energy Poverty, Cost of Living Crisis, Hardship & Potential Death from Hyperthermia.**

****Unjust Mistreatment of Landholders & Rural Communities Forced to Endure Such Detrimental Plans - Causing Extreme Distress, Anxiety, Depression, Grief, Family/Social Fracturing & Loss.**

****Deprivation of Rural Outlook & Quality of Life - With Unhealthy, Distressing Noise, Infrasound & Visual Pollution.**

****Emotional Distress, Suffering & Hardship Caused by Government Inflicted Skyrocketing Energy/Cost of Living Crisis.**

****Detrimental Consequences of increased SF6 emissions.**

****Increased Economic Hardship due to Failure of Councils to do their Due Diligence, to Address Compliance, to be Transparent & to be Honest, to Address the Facts & Community Concerns, ie. Additional Council charges for Flawed Assessments & Wrong Approvals - Leading to Unplanned for Clean up & Remediation Costs for Abandoned, Derelict, Contaminating Solar/Wind EG Works & BESS.**

****Any Detrimental Cost Implications for Ratepayers from the Council's & any Government Body's Persistence in Ignoring Their Duties Regarding the Unethical Hosting, Procurement & Power Purchase Agreements With Energy Generation Reliant on Unethical Slave Labour Supply Chains.**

****Loss of Productivity & Income Due to Contamination, Increased Fire Risk & Heat Island Impacts from Solar/Wind EG Works & BESS.**

****Any Cyber Security Breaches or National Security Threats & Harm Caused.**

****Any Costs Incurred for Ratepayers & Taxpayers by Dealing With the Obvious, Economic Suicide - the Financial Consequences for the Future of Making Seriously Retrograde Decisions by Hosting & Approving Such Harmful Solar/Wind EG Works, BESS & Associated Unnecessary Transmission Infrastructure.**
