Noraville NSW 2263

Dear Sir / Madam,

St Philip's Christian College – Charmhaven – Objection until further information provided

I would like to know more about this new school at Charmhaven. Although I do not live in Charmhaven, Lakehaven is my main shopping centre and I'm there several times a week. I also shop at Bunnings and go to the Millennium gym on Chelmsford Road. On a good day, this trip takes me about 20 mins however if I travel during commuter hours – it takes much longer. The roads in this area are not built for the current volume of traffic and it needs to be fixed before you add more traffic. There are new housing developments popping up everywhere and the roads just can't handle it. Permitting such a development will only increase more accidents; and why a private school – it should be a public school.

My daughter lives in San Remo and when I go to pick up my grand-kids from Northlakes High it takes forever if I go from Lakehaven shops. I have to allow 20 – 30 mins just to drive on that Pacific Highway, especially when there are accidents.

I don't believe this is the right place for this school.

Thank you

Pat Donnelly
