Dear Sir/Madam,

**Subject: My objection to 'Proposed Karuah South Quarry Proposed Amendment' SSD-8795
and 'Proposed Karuah South Quarry' SSD 17_8795**

I am writing to lodge my objection to the proposed Karuah South Quarry Proposed Amendment SSD-8795 and proposed Karuah South Quarry SSD 17_8795.

I object because; in my opinion there are enough quarries in close proximity to my property. I have been to the quarry at Italia Road and seen the amount of gravel & rocks to last 100 years.

I was also pushed up the road by a truck carrying gravel and my car was smashed beyond repair in June this year (Italia Rd & Pacific Hwy).

I have owned my property for 39 years. Hunter Quarries also have enough operating pits,
