Dear Emma

I am making a submission to oppose the Plasrefine Development in Moss Vale NSW. I work in Moss Vale and am seriously concerned about the impact on traffic, our environment, pollution, dust and noise to name just a few. The dust, chemicals and fumes will travel to all other towns in our southern highlands as we are in a high wind area. We are also on a watercourse that flows directly to sydney catchment. This is a terrifying proposition.

I give permission for my email to be published.

I have not made any political donations

We are so concerned about this
