Your Comments (please restrict to 10,000 characters):

- * These cause fires, kill wildlife, are noisy
- * The cost involved transporting the wind turbines is ridiculous - \$300,000,000 is needed for roadwork to accommodate transportation of wind turbine components.
- * They are an eye-sore and consequently interfere with the beauty of our landscape. It also deters tourism in our area.
- * There is also "blade-throw" up to 1000 metres which is extremely dangerous. Fires caused by the turbines can destroy so much land, bush & homes.
- * Australia has a wealth of gas, electricity & fossil fuels.
