Your Comments (please restrict to 10,000 characters):

I am greatly concerned at the impact night lighting, shadow flickering, vibrational noise will have on local fauna particularly in the vicinity of wild spaces & national parks. The EIS advises that noise generated by the towers will at times exceed regulated levels.

The wind towers will cause a visual blight on the landscape from public campgrounds & viewpoints as well as private properties & destroy the natural landscape.

I have concerns regarding blade throw and the possibility of towers generating bush fires in difficult to access terrain.
