Your Comments (please restrict to 10,000 characters):

- ① * I object to any wind farm, near my house and concerned during bush fire season helicopters will not be able to access the Blenheim State forests, due to the height of the wind turbines. Therefore creating a huge bush fire risk to surrounding properties.
- ② * I am concerned this proposal will damage the local environment and create huge problem for birds.
- ③ * I am concerned this development will be visually ugly and will affect Tourism and the beauty of Oberon.
- ④ * This development will impact property values
- ⑤ * The local roads cannot cope with the increased volume of trucks.
- ⑥ * I am concerned of the height of the proposed wind turbines, the size of Sydney tower, affecting air travel ie; small planes & helicopters, and will block views for miles.
- ⑦ * wind turbines end up in landfill, don't last long and should be looking at other options such as Nuclear or solar out in the desert.
- ⑧ * I am very concerned at the loss of heritage listed trees along O'Connell road, which is history of the first world war.
