Submission: Paling Yards Wind Farm.

I am totally opposed to the Paling Yards Wind Farm for the following reasons.

1. It is economic madness to replace reliable 24/7 power with unreliable intermittent power.
2. The damage to our economy with renewables is inestimable and their introduction should not be entertained.
3. The visual pollution of the otherwise pristine environment should preclude their erection.
4. The transport costs to ferry the components from Newcastle to Paling Yards are astronomical and in themselves would be sufficient to cancel any similar project.
5. Transportation will wreak havoc on roads and highways and the adjoining land.
6. Transportation will also greatly inconvenience the local communities along the route and could interfere with the free movement of emergency vehicles, eg. Ambulances and Fire and Rescue.
7. At an estimated cost of \$1000m (incl transport costs) it would not be an economic prospect.

Brian V Dellow.
