I find it deeply disturbing & disappointing that our government is unable to come up with a far better solution to green energy.

The current proposal of wind farms & solar panels are a short term detrimental stop gap measure.

The damage this will do will far outweigh any benefit.

Is it not enough that this has failed in overseas countries? Why do we have to go down the same path?

Destroying the landscape to save the atmosphere is just sheer stupidity.

Mr Bower, you need to earn your money & come up with a more viable solution. What you are doing, in my opinion, is not only dumb but criminal.
