Your Comments (please restrict to 10,000 characters):

I do not want wind farms to be built at Paling Yards. They kill birds, they spread fires and they will stop people from visiting Oberon, which will be bad for the town.

I have lived in this district all my life and don't see the need for these awful structures to be built around our beautiful bushland. People come from all over the world come to our national parks and many camp along Abercrombie Road, near the river. They will be devastated if this project goes ahead. The farms at Paling Yards are on some beautiful basalt land and it would be a shame to see agriculture interfered with like that.

You need to think about the consequences when there's a fire around these monstrosities. How many lives will be lost fighting fires where water bombing is not an option?

Please stop the development of these wind towers now.
