Your Comments (please restrict to 10,000 characters):

Environment: fires will ruin the area and cause loss of life to humans and wildlife. Birds and bats will be killed by the blades. Sustainability of wind towers is highly questionable, especially as the blades are currently not recyclable.

Our Business: We move livestock along Abercrombie Road on a daily basis and the roadworks, construction phase and movement of these towers to their destination will severely impact our business. All of that will affect our general business management and lifestyles as well.

Local Business: Local tourism will suffer and die during roadworks and the construction stages. There will also be huge ramifications for transport, such as logging, which is a huge contributor to the economy of Oberon.

Landscape: This is a beautiful part of the world that I want preserved for our children and future generations. Don't let wind towers ruin it.
