To whom it may concern.

I wish to have noted my objection to the planned building of wind towers in Palling Yard or any other part of our region.

The noise factor will impact people living in close proximity to the towers. Permanently and is unacceptable.

Obaron is a small village in the area that will be badly affected by the increased traffic, particularly large vehicles carrying massive loads. We already have enough to deal with presently.

The effects on the village could be dire as it has developed a successful tourist attractions that

have benefitted businesses and the economy generally. Our way of life could be negatively affected Permanently.

Add to the above the roadworks that will be needed to cope with the extra traffic, and movement in and around the area will be severely restricted.

No thought has been given to the people who live here, and who will be impacted by the effects on their lives.

The plan should be Cancelled

P. Nareen.
