Hi please accept my objections to the Birriwa solar. My objections include the setting up of a camp in our agricultural district. This will be a new town in the district with no doctor, police, water, sewage, and rubbish tip. There will be a heightened risk to the biosecurity to the local area ,fire ,land degradation ,local farm security issues including drugs and alcohol ,vermin control lack of ,visual affects of the camp and the glass panels witch I will be looking down on from my property to the southwest. This project is not needed in our district if the sea board put their own panels on their own roofs.

Thanks Stuart Hackney 0408 201 903
