

If addressing Climate Change is about a Liveable Climate - protecting Human Health & Well-Being - why are we wasting our time considering such inferior, unreliable, weather dependent, unaffordable Wind/Solar Generation such as Ark Energy's Burrendong monstrosity with a hopeless Capacity Factor - designed to DEPRIVE US OF COOLING/HEATING POWER?

I THEREFORE, ABSOLUTELY OBJECT TO ARK ENERGY'S STUPID PLAN THAT THEY & THE PARIAS HOSTS SELFISHLY EXPECT US TO SUFFER & SUBSIDISE THROUGH EVER SKYROCKETING ELECTRICITY PRICES FOR PATHETIC POWER!

All of the Principles of Ecological Sustainable Development as well as the Aims & Objectives of the NSW Government's numerous Climate Change Targets, Bills & Strategies are defied by this plan Clean, Green, Sustainable, Reliable, Cheap, Secure Energy is impossible when Cursing Australia with ECOCIDAL Wind Turbine Environmental Destruction!

NSW Electricity Infrastructure Roadmap has been summed up by the most credible Experts as 'Shambolic Policy Making, Dangerous to Grid Operation & Totally Mad'with AEMO's 2022 ISP Electricity Grid Design also shredded by Reputable Experts stating it "CANNOT PROVIDE AUSTRALIANS WITH RELIABLE POWER.....& NO RESPONSIBLE POWER SYSTEMS ENGINEER WOULD PROCEED WITH SUCH A NON-VIABLE PLAN. Furthermore, the implications for the economy and for national security by relying on China, which dominates the market for wind and solar equipment and materials, is extremely negative."

Instead of Energy Security - these CCP reliant Wind/Solar plans are enabling Beijing to turn our lights off.

4th Dec 2023 - Renew Economy

"In July, Transgrid struck a deal with China's ZTT International for the delivery of more than 17,500 kilometres of high-voltage conductors to get ahead on Humelink and VNI West."

Australia's Future Fund is Exposed to Chinese Companies- a very risky business!

There is unethical reliance on Modern Slavery. NSW DPE is carelessly & irresponsibly inflicting Moral Hazard - through their Risky Experiments on Rural Councils & Ratepayers - when they are not substantiated by Scientific Rigour, Engineering Facts, Integrity or Ethics.

ECOCIDAL Industrialisation of Rural NSW/Australia IS NOT FOR THE GREATER GOOD

Wind Electricity Generating Works are NOT Clean, Green or Sustainable - they are ENVIRONMENTAL VANDALISM - Irresponsible, Non-Sensical, Irreversible Mass Destruction of Nature!
Extensive Clearing & Denuding of the Landscape, Invasive Road Works, Unmitigatable Water/Sediment Run-Off & Erosion Damage Contaminating our Life Sustaining Local Creeks & Rivers, Introduction of Invasive, Contaminating Feral Species that will NEVER be removed from Ark's picturesque Burrendong site if built - including the massive, energy intensive, cement bases of Wind Turbines left to spoil this koala habitat land forever.
Probably the whole lot of the 70 degrading Turbine monstrosities will be left for the foolish Hosts to deal with as this Fake Green Nightmare implodes!

The Scale of Wind Turbine Environmental Vandalism is ENORMOUS & IRREVERSIBLY CATASTROPHIC! Far Superior Australian NUCLEAR Power has a Minimal Environmental Impact - requiring only 1/360th of the Land Mass that Inferior, Energy Depriving Wind Turbine Junk needs for Ark Energy's Reckless Burrendong Plan.

The Fake Green RenewaBULL Wind/Solar, Energy Poverty Grift & Ponzi Scheme/Scam is 'Creating an Environmentally Destructive Nuisance' throughout NSW & Australia - an Unmitigated, Unsustainable Disaster - Contaminating our precious land - our soil heritage & pristine water sources that we are custodians of - with responsibility to ensure Intergenerational Equity NOT TRASH for the children of the future.

There is now Looming Litigation Targeting Foolish Hosts of RenewaBULL Energy Environmental Destruction & this is just the beginning! Just wait 'til the Toxic Contamination Law Suits come rolling in! We'll definitely be joining that action!

It's all about the Fake Green Subsidy for Ark Energy & co.

Plundering the Environment & torturing Rural Communities is their specialty!

WHILST THE TOTALLY ILLOGICAL, FAKE GREEN PROPAGANDA IS RAMPANT IN AUSTRALIA WITH CARPETBAGGERS TRAWLING AROUND DECEITFULLY SELLING THEIR SELF BENEFITING, ENERGY DEPRIVING RENEWABULL WARES - LIKE ARK'S STONE AGE, WEATHER DEPENDENT, PATHETIC POWER, WIND TURBINE JUNK OTHER COUNTRIES HAVE WOKEN UP TO THEIR RUINABLE REALITY - RETURNING TO RELIABLE, SECURE, INDEPENDENT ENERGY SENSE.

COP 28 turned into a really big fossil fuel trade show!

'What was supposed to be a big deal climate treaty negotiation has morphed into an enormous trade fair. Even funnier the focus is on fossil fuel production which the UN treaty is supposed to curb.'

EVERY LOGICAL, HONEST PERSON IN NSW/AUSTRALIA WITH THEIR EYES OPEN - IS NOW LOOKING AT THEIR ELECTRICITY BILL & THE RECKLESS ENVIRONMENTAL VANDALISM BEING CAUSED BY THE RENEWABULL CURSE - SERIOUSLY ASKING - WHAT TRANSITION?

1- Global Coal Generation is Soaring in Asia

2- India & China are Burning Record Amounts of Coal!

Last week Reuters reported India plans to add 17 Gigawatts of New Coal Fired Capacity over the next 16 months!

3- Yeah sure Wind/Solar is Cheaper - Blah, Blah, Blah....

4- Unsurprisingly, as people wake up to the Fake Green Swindle - the Renewable Rejection Database is escalating in America!

5- US Oil & Natural Gas Production is Setting New Records!

The NSW & Federal Government's Self Inflicted Skyrocketing RenewaBULL Energy Prices = Cost of Living Crisis = Unaffordable Basic Food Staples = Cruel Torture of the People = Suffering, Unnecessary Hardship & Potential Death!

THIS IS NOT RELIABLE, SECURE, LOWER PRICES OR AFFORDABLE POWER!

A basic loaf of 650g white bread reliant on skyrocketing Electricity cost:

May 2021 - \$1.30

May 2022 - \$1.55

May 2023 - \$2.40

ARK ENERGY'S BURRENDONG WIND PLAN IS A RECKLESS, IRRESPONSIBLE PUBLIC HEALTH & SAFETY HAZARD - A TICKING TIME BOMB!

**It's not only Koala's & Birds that are being slaughtered, AUSTRALIAN PEOPLE & CHILDREN ARE BEING TORTURED & MISTREATED BY WIND TURBINE DEVELOPERS, HOSTS, NSW & FEDERAL GOVERNMENTS - WITH CHILDREN UNABLE TO SLEEP DUE TO OBNOXIOUS, NEIGHBOURING WIND TURBINE NOISE - FORCING THEM TO WEAR EARMUFFS TO BED!!
WHAT ABOUT THE LITTLE BABIES & WHAT ABOUT INFRASOUND MAKING PEOPLE SICK?
THIS DEFILES INTERGENERATIONAL EQUITY!!**

**EMF/EMR FROM WIND ELECTRICITY GENERATING WORKS IS A PUBLIC HEALTH & SAFETY RISK!
19 CHILDREN DIED FROM CHILDHOOD LEUKAEMIA IN CESANO ROME - LINKED TO THE VATICAN RADIO MAST - 2 PEOPLE WERE CONSEQUENTLY JAILED!
ELECTRICAL FORCE CAUSING PERSONAL DISCOMFORT = CRIMINAL ASSAULT!**

WIND TURBINES ARE AN UNPLANNED FOR CATASTROPHIC TOXIC INFERNO FIRE/SMOKE HAZARD RISK!

Ark Energy & NSW DPE say they're Saving us from Climate Change by irresponsibly SETTING US ON 🔥 FIRE 🔥!!

**IS THE HOST RESPONSIBLE IF PEOPLE SUFFER CARCINOGENIC IMPACTS/DIE BECAUSE OF THIS?
NSW 🔥 FIRE 🔥 & RESCUE ADMIT THEY HAVE NO IDEA HOW TO DEAL WITH WIND, SOLAR, LITHIUM BATTERY & GRAPHITE BLOCK EXPERIMENTS THAT NSW POLICY MAKERS & APPROVING BODIES ARE UNJUSTLY & IRRESPONSIBLY FORCING ON US AGAINST OUR WILL, WITHOUT OUR CONSENT, WITH NO SOCIAL LICENCE.**

NSW Fire & Rescue SARET Research:-

"There is a general lack of guidance and provisions in building codes, standards, and legislation in relation to safety to address the potential risks from these emerging technologies. Part of the problem is that we do not yet know enough about their probability of failure, their mechanisms of failure and potential consequences of failure."

RENEWABULL RELIANT, INSATIABLE RARE EARTH MINING IS A PUBLIC HEALTH & SAFETY RISK TO OUR LIFE SUSTAINING SOIL HERITAGE & VITAL WATER SOURCES!

NSW TRANSMISSION NETWORK

OPERATOR TRANSGRID ARE IRRESPONSIBLE & CANNOT BE TRUSTED WITH ANY RENEWABLE TRANSMISSION PLANS - THEY TELL US TOTAL BALONEY - THAT FOR EVERY DOLLAR THEY SPEND ON TRANSMISSION, ENERGY CONSUMERS WILL BENEFIT BY \$2!!
THEY CONSTANTLY LIE & DECEIVE THE PUBLIC - SAYING THEIR POWERLINES ARE NOT A PUBLIC HEALTH & SAFETY RISK!
TRANSGRID ARE CUTTING LOCKS ON PRIVATE PROPERTY GATES.
TRANSGRID'S TOXIC LEAD BASED ASBESTOS PAINT ON THEIR TOWER LEGS & BASES KILLED NUMEROUS CATTLE IN THE RIVERINA - FROM TOXIC LEAD POISONING!
FAMILIES WERE SUBJECTED TO LEAD POISONING BY TRANSGRID - EATING THIS LEAD LACED BEEF!!
DEGRADING & DAMAGED INDUSTRIALISED SOLAR ALSO LEACHES LEAD.
THERE IS NO AMOUNT OF LEAD THAT'S SAFE FOR HUMAN BEINGS!

WIND TURBINES ARE A FAKE GREEN SCOURGE - SHEDDING TONNES OF MICROPLASTICS FROM WIND TURBINE BLADES (KNOWN AS 'LEADING EDGE EROSION') - AFTER ONLY A FEW YEARS OF OPERATION.
THAT'S THEIR HABIT OF CONSTANTLY SHEDDING TOXIC BISPHENOL A (LETHAL TO YOUNG CHILDREN - AS TOXIC AS BLUE ASBESTOS) FAR & WIDE!
These toxic Endocrine Disrupters also cause INFERTILITY!

****WIND TURBINES ARE A FAKE GREEN SCOURGE - SHEDDING TONNES OF MICROPLASTICS FROM WIND TURBINE BLADES (KNOWN AS 'LEADING EDGE EROSION') - AFTER ONLY A FEW YEARS OF OPERATION.**

Mark Twichell spells out the poisonous truth - why Wind Turbines are a dangerous idea.
The Buffalo News October 2022.

"Wind Turbine Blades leave a toxic waste legacy for centuries to come, but there is an even more immediate threat - their blades naturally erode during operation - spreading tonnes of microplastics far & wide.

The epoxy compounds they shed contain toxins that are finding their way into our oceans & drinking water.

The particles eroded from Wind Turbine blades includes epoxy resin which is 40% Bisphenol (BPA) - a frequently banned endocrine disrupter & neurotoxin" - equally as toxic as blue asbestos & lethal to young children.

"Academic research has shown the potential for 137 pounds of epoxy micro particles to be shed per turbine per year.

The resulting annual BPA release can potentially contaminate 17 million gallons of drinking water per turbine while threatening aquatic & terrestrial life.

Minimising the shedding depends on specialised blade coatings that contain toxic ingredients from the PFAS family of 'forever' chemicals which are biologically cumulative & non-degradable.

These coatings likely need replacement after a few years.

PFAS is a common ingredient in lubricants & hydraulic fluids which routinely leak from Wind Turbines."

****18th August 2022 - Dr Eric Blondeel says:-**

"That the plastics in the blades are toxic - is without doubt!"

As far back as 2012 the World Health Organisation warned about potential carcinogenic properties of endocrine disrupters & concluded that these substances pose a global threat to public health. Unborn & young children are especially vulnerable because their hormone system is still developing.
