Subject: Request for Additional Information

Dear Ms Zorondo

I refer to the Submissions Report for the Calala Battery Energy Storage System (SSD-52786213). The department is requesting that you provide additional information before accepting and publishing the report on the NSW planning portal.

You are requested to submit the following additional information:

- clarification on the access routes to the site for light vehicles, heavy vehicles, and heavy vehicles requiring escort.
- for the proposed primary and secondary heavy vehicle routes:
 - o describe any proposed flooding risk, and identify any appropriate mitigation, on the proposed primary route for heavy vehicles; or
 - o if a secondary route is proposed, provide an assessment of that route (including traffic, transport, road noise, biodiversity, heritage and amenity) and outline if any road works are required (such as intersection upgrades, road sealing, and road widening), confirming that Council support the use of the route.
- Provide evidence of consultation with TfNSW, Council and any receivers (including residences on the proposed access routes) regarding traffic and transport.

You are requested to provide the information in a revised submissions report, or notification that the information will not be provided, to the department by Friday 24 May 2024. If you cannot meet this deadline or do not intend to provide the additional information, please advise the department via the NSW planning portal.

The assessment period ceases to run between the date of this letter and the date you provide the additional information (or notification that the information will not be provided), in accordance with Part 4 Division 4 of the Environmental Planning and Assessment Regulation 2021.

Department of Planning, Housing and Infrastructure

If you have any questions, please contact Pragya Mathema on 9228 6158 or via email at pragya.mathema@dpie.nsw.gov.au.

Yours sincerely,
