Subject: FW: Notice of Exhibition Loreto Normanhurst School Redevelopment Modification 1 (SSD-8996-Mod-1)

Follow Up Flag: Follow up
Flag Status: Flagged

Hi Ingrid.

I would like to lodge an objection to the Redevelopment Modification.

The local street can not handle the traffic and parking requirements of Loreto, There is already a huge strain on Osborn and Currawong Roads from Loreto.

For the past number of months the traffic to exit Osborne Road onto Pennant Hills Road has been backed up halfway down Osborne Road most mornings, especially around school drop off time. It takes up to 20 minutes to pass through and there is no other way to exit (I live on Dunbar Close Normanhurst) The lights only turn green for a very short period of time and the majority of cars can't get through. (there is also the same problem on the other side of the intersection on Normanhurst road.) please see photos taken this morning at 8:30 am.

In addition to the inconvenience, it is a danger to the public as the gridlock causes school children to run across the road in between stopped cars). My Elderly mother in law lives with me and sometimes requires medical attention I am concerned that the congestion could cause a life threatening delay.

Parking on the Saturday for school sport also blocks the way through Currawong and Osborne Rd (especially Currawong as it is a narrow street. There was an incident 2 weeks ago where an ambulance could not get through to help an elderly woman who had had a medical episode.

It is becoming unbearable for local residents.
